Chief, FBID

Request for Research

This document is part of an integrated file. If separated from the file it must be subjected to individual systematic review.

1. In support of an effort to assess the impact of the current Sino-Soviet polemic on the world communist movement, it is requested that FDD survey selected world communist journals for treatment of the articles and speeches listed below:
 - a. 1 April RED FLAG (HUNG CHI) article entitled "On Imperialism as the Source of War in Modern Times, and on the Way for All Peoples to Struggle for Peace" by Yu Chao-li. (FBIS Far East Daily Report, 4 April, AAA1.)
 - b. April RED FLAG article entitled "Long Live Leninism" by the journal's editorial department. (FBIS Far East Daily Report, 20 April, AAA 6.)
 - c. 22 April PEOPLE'S DAILY article entitled "Forward, Along the Path of the Great Lenin" by the paper's editorial department. (FBIS Far East Daily Report, 22 April, AAA 1.)
 - d. 22 April speech entitled "Get United Under Lenin's Revolutionary Banner" by Lu Ting-i. (FBIS Far East Daily Report, 22 April, AAA 23.)
 - e. 22 April speech on Lenin's birthday delivered by Otto Kuusinen. (FBIS USSR Daily Report, 25 April, CC 1.)

A review of North Korean, North Vietnamese, and available nonbloc communist theoretical journals is desired, to determine in each case whether full texts, extracts, or reports on these articles are carried, and whether or not there is follow-up comment. If extracts or summaries appear in any of the journals reviewed, the approximate length should be noted. If there is any follow-up comment, please indicate its tenor, particularly whether it favors the Soviet or the Chinese Communist stance. Please also specify the names of all issuances checked and the inclusive dates covered.

2. In the interests of speed, it will be appreciated if the results can be forwarded piecemeal to FBID (attention: Chief, RPB) as they are completed by the sections contributing to the search.
